

C300

Professional Coin Counter, Sorter and Wrapper/Roller

► **Functionality & Ease of Use:**

The C300 counts, sorts, adds, batches, and wraps the coins (U.S. Coins: Dollar Coins, Quarters, Nickels, Dimes and Pennies).

► **Fast, Reliable and Accurate:**

With a hopper capacity of 2000 coins, the C300 will accurately count and sort your coins at a speed of 300 coins per minute.

► **Innovative and Efficient Rolling System:**

Unlike standard coin counters where you must remove the tube to load every wrapper, Cassida C300 comes armed with the Quick Load coin tubes allowing for an easy swap of the full roll with the next coin wrapper from the bottom of the tube.

► **Advanced Reporting:**

The large LCD screen puts your mind at ease as it displays the number of coins counted, total dollar value and the dollar amount for each denomination.

► **Printing Capabilities:**

Pair the C300 with the Cassida Thermal Printer (sold separately) to print a detailed receipt of your daily count for easy bank deposits and personal record keeping.

Printer sold separately
