Local Dealer:

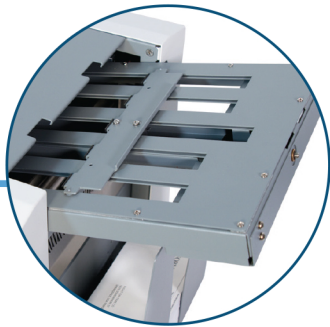

The **FD 1606 AutoSeal®** is the ultimate mid-volume pressure seal solution. **Automatic fold plates** allow users to easily switch between fold types and paper sizes, while the **full color touchscreen** guides users through setup and operation. Standard features include a **drop-in feed system**, **6-digit resettable counter**, and the ability to store **up to 3 custom jobs**. Pressure sensitive one-piece mailers can be used for checks, invoices, school reports, tax forms, direct mail pieces, and appointment notices, eliminating the added cost of envelopes. Options include an 18” output conveyor, reverse stacking conveyor, and FD 402 Series Jogger. **Proudly made in the USA**, the FD 1606 is built with proven Formax technology, and the durability to last.

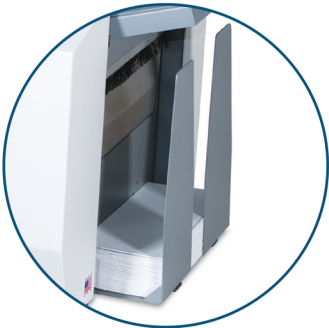

Color Touchscreen Control Panel
Graphics-based and designed for easy, walk-up use

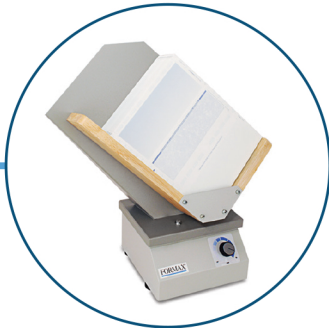

Drop-In Feeding System
Dependable feeding of forms with no paper fanning required

Automatic Fold Plates
Simply choose form size and fold type and the plates will adjust automatically

Adjustable Catch Tray
Accommodates any fold type, stacks forms neatly and sequentially

Optional 402 Series Jogger
Reduces static electricity from forms and aligns them for proper feeding
