

High-Speed ID Flatbed Scanner

fi-65F Document Scanner

A6 scanning designed for portability and compact spaces.

- Easy, one-button touch scanning
- One-second scanning (For B&W and Grayscale) at 300 dpi
- True, 600 dpi optical resolution
- Automatic image cleanup with PaperStream IP Drivers (TWAIN & ISIS®)
- Advanced PaperStream Capture Software
- USB power option for portability
- Features a one-year Limited Warranty

Compact

Designed with the crowded desk in mind, the fi-65F occupies less space than a hard cover book. This flatbed scanner quickly scans all major types of identification and small cards, including driver's licenses, passports, military IDs, insurance cards, credit cards, photos, and small survey forms. High-speed USB 2.0 connectivity combines outstanding performance and easy installation in one device.

Speed

For the fi-65F, B&W and Grayscale single pass scans at 300 dpi take only a second! The new scan button and coverless scanning eliminate the repetitive task of opening and closing the cover before and after each scan. Just place documents on the flatbed and scan. Auto-deskew and autocropping functions optimize scan size and scan quality while properly orienting scans regardless of how they are placed on the scanner.

Portable

With the smallest in class size, the fi-65F weighs less than 2 lbs, making it easy to stow and carry anywhere. The fi-65F's low energy consumption allows it to be powered by a USB 2.0 cable so you can have high-speed flatbed scanning wherever you may need it.

PaperStream ClickScan simplifies scanning

Easy to use capture software for any business. Simple scanning interface with 3-steps: scan, select destination & save.

Included with Scanner

The Fujitsu fi-65F scanner integrates with hundreds of software applications in the market and features PaperStream Capture, an advanced yet easy to use scanning application.

- PaperStream IP Cleanup (TWAIN & ISIS)
- PaperStream Capture scanning and PDF creation software
- One-year Depot Limited Warranty
