A DYNAMIC AND USER-FRIENDLY DOCUMENT SCANNING SOLUTION

Help boost office efficiency and productivity with the user-friendly Canon imageFORMULA DR-C350 office document scanner. With powerful document capture capabilities and the flexibility to scan various document types—including virtually any passport without a carrier sheet¹—this scanner can easily convert paper-based documents into high-quality digital files for any office environment. Its compact body allows it to fit comfortably into a wide range of office spaces, even those with limited room.

WIDE RANGE OF USES

Sectors such as government, financial / banking, retail, insurance, hotel and tourism services, transportation, rental and leasing services, legal services, and more can benefit from the dynamic scanning that the DR-C350 scanner offers. It can be used to integrate information into digital workflows for process automation and information distribution while helping to increase collaboration among individuals or workgroups. Additionally, with the DR Scanner Management tool, fleet management features help streamline administration for organizations deploying multiple devices, supporting centralized control and efficient large-scale deployment.

DYNAMIC, RELIABLE, FLEXIBLE FEEDING

The DR-C350 scanner can scan at up to 50 ppm, both sides of a document in a single pass, in color or black-and-white². Capable of holding up to 100 sheets, it can handle a variety of document types including thick, thin, long, or oversized documents, plastic or embossed cards, and even passports, in some cases without a carrier sheet¹, for greater versatility and flexibility. In addition, the DR-C350 comes equipped with one-touch, double-feed button to help allow scanning to resume when double feed is detected for a seamless and more efficient scanning experience.

USER-FRIENDLY

Designed with the user in mind, the DR-C350 scanner features an easy-to-use operation panel with an LCD display, intuitive icons, and simple controls that allow users to start scanning and select pre-configured job tasks with one-touch buttons and more. It can scan different sized documents in mixed batches to help eliminate wasted time in and select pre-configured job tasks with one touch job buttons and more.

Bundled with Canon CaptureOnTouch software, users can pre-configure scan tasks and choose from a wide selection of file distribution options. With CaptureOnTouch, scanned documents can be sent directly to select third-party cloud applications³ such as Microsoft® SharePoint®, Dropbox, Google Drive™, and OneDrive. This scanner is also bundled with ISIS® and TWAIN drivers for easy integration with third-party software for compatibility.

For organizations deploying multiple devices, with the DR Scanner Management tool, fleet management capabilities are included to help streamline configuration, maintenance, and monitoring across large-scale environments.

HIGH-QUALITY IMAGING

To help enhance and maintain image quality, the DR-C350 scanner contains various features such as Auto Color Detection and Auto Resolution setting, useful for scanning mixed batches of documents and photographs by automatically adjusting the output resolution to help improve quality and reduce image file size. Other image processing features include Character Emphasis and Text Enhancement, which can help enhance text legibility on hard-to-read documents to ensure accurate document capture.

ENVIRONMENT IN MIND

The DR-C350 is EPEAT gold, meets ENERGY STAR® guidelines for energy efficiency and complies with both the EU RoHS and WEEE directives for the reduction of hazardous substances and waste products.⁴

CUSTOMER CARE

For investment protection, eCarePAK options are available to extend service beyond the initial three-year advanced exchange warranty period. This helps save on costs associated with post-purchase maintenance, maximizing uptime throughout the product life.

SPECIFICATIONS

Type	Office Document Scanner		
Document Feeding	Automatic or Manual		
Document Size	Width: 2.0" – 8.5" Length: 2.1" – 14.0"		
Long Document Mode	Up to 240"		
Document Weight	7.2 to 110 lb. Bond		
Feeder Capacity	100 Sheets		
Grayscale	8-bit		
Color	24-bit		
Light Source	RGB LED		
Scanning Element	Contact Image Sensor (CMOS)		
Scanning Modes	Color, Grayscale, Black-and-white		
Optical Resolution	Up to 600 dpi		
Output Resolution	100/150/200/240/300/400/600/1200 dpi		
Scanning Speeds ²		Simplex	Duplex
	Black and White:	Up to 50 ppm	Up to 100 ipm
	Grayscale:	Up to 50 ppm	Up to 100 ipm
	Color:	Up to 50 ppm	Up to 100 ipm
Interface	USB 2.0 Type-C		
Supported OS	Windows 10 (64-bit), Windows 11 MacOS 13, 14, 15		
Dimensions (H x W x D)	8.6" x 11.2" x 8.8" (With trays closed)		
Weight	Approx. 7.05 lb.		
Power Consumption	15.6W or less (Sleep Mode: 1.0W or less)		
Suggested Daily Volume	Up to 8,000 scans ⁵		
Bundled Software	ISIS/TWAIN Driver, CaptureOnTouch, ReadIRIS PDF		
Options	Flatbed Scanner Unit 102 (2152C002), Flatbed Scanner Unit 202 (5031C002), Exchange Roller Kit (7549C001), Roller Refill (7550C001), Carrier Sheets (Passport: 0697C002, A4/LTR: 0697C001, LGL: 0697C005), eCarePAK Extended Service Plans		
Other Features	Auto Color Detection, Auto Page Size Detection, Auto Resolution, Background Smoothing, Deskew, Edge Emphasis, Moiré Reduction, Document with Photo Mode, Prevent Bleed-Through, Shadow Removal, Skip Blank Page, Text Enhancement, Text Orientation Recognition, Highlighter Enhancement, Background Fill, Double-Feed Detection, User Preferences		
Item Number	7290C002		

¹ Depending on the condition of the passport, the Passport Carrier Sheet (0697C002) may be required to prevent the Passport from being damaged.

² Examples based on typical settings, rated in pages/images per minute with letter-sized documents at 200 dpi portrait feeding directions. Processing speed is based on internal testing. Actual processing speeds may vary based on PC performance and application. In addition, first processing speed may vary based on warm-up time and other restrictions.

³ Subscription to a third-party cloud service required. Subject to third-party cloud service providers' terms and conditions.

⁴ The facts and product statistics about EU RoHS and WEEE were obtained from Canon Electronics Inc. as of 2025.

⁵ Calculations based on scanning speed and assumed daily time of use.
