COIN COUNTER/PACKAGER

MAGNER MODEL 935

COIN COUNTER/PACKAGER

The Model 935 coin counter/packager offers the technology, performance, and productivity you expect from MAGNER® – a global leader in desktop money handling products. With a wide range of features and options, the Model 935 is designed for accurate high speed processing, simplicity of operation, and rugged reliability, even in the most demanding applications.

Whether you are counting coins into bags or rolls for deposit or recirculation, the Model 935 has everything you need to get the job done, a vast improvement over old technology or tedious hand counting.

Our products have evolved from years of experience and are backed by unmatched support through our network of MAGNER® Authorized Distributors Nationwide.
