AB550
Commercial High Speed Coin Counter & Sorter

The AB550 counts and sorts high volumes of coins and organizes them by denomination with its individual coin trays.

It is ideal for the coin bagging process in fast-paced businesses that handle large amounts of coins such as amusement parks, retail stores, entertainment venues, and many other environments.

Features

- Automatically counts & sorts mixed denomination coins with 5 sorting trays & coin sorting bags
- Heavy-duty coin sorter designed to sum total value of coins counted per denomination
- Easy to read LCD display
- Hopper Capacity of up to 1,500 coins
- Displays live count per piece with a total value

Quality Construction

- Robust and sturdy design manufactured with high quality materials
- Long lasting inner mechanical parts
- Lightweight and easily accommodates to any workstation

Operational Features

- Saves time and labor costs
- Reduces losses due to human error
- Easy to use, no training required
- Includes coin sorting bags for each denomination
- Batching operation to discriminate by amount
- Unit displays both denominational totals and grand totals

Counting Speed up to
